The LIVOLTEK BHF HV Battery System is ideal for new installation of residential energy storage system. With high energy density, high efficiency, modular stacking design and IP65 rating, BHF series battery is space-saving for indoor and outdoor installation. Up to 30 kWh system can fit your high energy demand.

The maximum price of Lithium-Ion Batteries in Pakistan is Rs. 870,000 and the estimated average price is Rs. 330,400. w11stop.com provides cash on delivery service all over Pakistan including Karachi, Lahore, Islamabad, Multan, Peshawar, Faisalabad and many other cities.

The lithium battery price in Pakistan has become a topic of increasing interest as the country explores renewable energy solutions to address its energy challenges. Here is a list of lithium batteries from various brands along with their respective prices, offering you options to make an informed decision based on your specific requirements.

Variety of Lithium batteries, that can fulfill your energy needs for Solar backup power and UPS systems. High voltage and low voltage batteries with different capacities and voltages are available.
