

## Solar Energy South Africa

# 480w solar panel Northern Mariana Islands

## Overview

---

How much does a 480 watt solar panel cost?

Each 480 watt solar panel we sell has a dedicated product page with all the details to facilitate your purchasing decision. For a 480 watt solar panel, for example, you can expect to pay as little as \$0.5 per watt from a Chinese manufacturer. On the other hand, European and Japanese businesses typically charge more than \$1 per watt.

Where can I find low price solar panels?

START SOLAR DESIGN Shop at SunWatts.com to find low price solar panels that generate 480 watts of DC power. These modules can be grid-tied or used off-grid for residential or commercial renewable energy generation. All our panels are UL Certified, have up to a 25 year manufacturers warranty and qualify for tax credits and rebates.

How much does it cost to ship solar panels?

Our standard shipping charge is \$250 for up to 11 panels and it is increased by \$25 for every 4 additional panels. In the event, the product is only available on East or West coast custom quote will be sent to you before the order is processed. Normally, we are able to deliver solar panels within 7 business days.
