## ENERGY STORAGE SYSTEM

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

The image shows a tall, grey Energy Storage System (ESS) unit. It has a dark blue top and bottom. Two vertical green lines run down the front panel. In the center, there is a blue hexagonal shape with a white lightning bolt symbol. The letters 'ESS' are printed in green in the upper right corner of the front panel. At the bottom, there are two yellow triangular warning symbols with lightning bolts.

## Overview

---

What is a Jackery solarsaga 200W solar panel?

The Jackery SolarSaga 200W Solar Panels are bifacial panels that offer improved charging efficiency. Their ETFE-laminated case extends their lifespan by making them extremely temperature—and corrosion-resistant. With a power rating of 200W, these solar panels offer the fastest solar charging experience.

Are the solar panels compatible with the Jackery power station?

The solar panels are fully compatible with all the Jackery Power Stations. The IP68 waterproof and dustproof rating ensures they can withstand harsh weather. You can connect one, two, three, four, five, six, eight, and twelve solar panels to the portable power station. However, other combinations are not possible.

Are Jackery solar panels waterproof?

The IP68 waterproof rating allows the solar panels to withstand wet and harsh weather, ensuring you can generate power in different conditions. Remember, you cannot connect five Jackery SolarSaga 200W Solar Panels to the portable power station. However, you can connect one, two, three, four, or six solar panels.

How many solar panels does a Jackery solarsaga 500X have?

This guide will discuss the available Jackery SolarSaga Solar Panels, their features, and how fast they can charge compatible power stations. Jackery SolarSaga 500X Solar Panels are built with six SolarSaga 85 Panels, each of which can be used individually.

How long does it take to install Jackery solarsaga solar panels?

Jackery SolarSaga Solar Panels can be installed in as little as 60 seconds without the need for any specialized tools. Just connect the solar panels to the

portable power station using the solar cable to build your solar generator for charging appliances. Their lightweight and portable design makes them easy to carry around.

What are bifacial Jackery solar panels?

The bifacial Jackery SolarSaga 100W Solar Panels are foldable, lightweight, and compact enough to carry them on off-grid adventures. With their 24.3% solar conversion efficiency, they are perfectly suited for emergency power outages and outdoor activities.
