What is the national flower of Andorra?

The national flower is Narcissus, whereas Mango is the country's national fruit. The national tree of Andorra is the Andora Fir, and the highest peak is Pic de Coma Pedrosa. Mythical creatures can be found in the literature and mythologies of many different nations.

How many plants are there in Andorra?

Andorra has more than 1,100 species of plants. Discovering them throughout the mountains and valleys of the country is a natural experience. This flower is characterised by its upside-down petals and blooms just after the last snowfalls in high mountain meadows.

What to see in Andorra?

Related to flora and agriculture, you can look at the grandalla, which is one of Andorra's symbol, the tobacco's flowers, raspberries, blueberries and, of course, fir and birch. Andorra has more than 1,100 species of plants. Discovering them throughout the mountains and valleys of the country is a natural experience.

What plants grow in Andorra?

One of the most widely dispersed wild plants in Andorra, the highly fragrant Grandalla, *Narcissus poeticus*, blooms year after year, April through June with their face following the sun as their powerful aroma scents mountains and meadows of the Pyrenean region.

Why does Andorra have two cows?

Andorra shows animal species of the Pyrenees. A large part of them arrived to the country a long time ago and today they are already an element of the mountains and valleys of the Principality. It is very important in the livestock of the country. So much so that the Andorran flag contains two cows as a

representative symbol.

Is Andorra a good place to eat mushrooms?

Andorra is considered one paradise if you are looking for mushrooms. The ecosystem of the Principality's mountains provide an ideal environment for the growth of very varied and gastronomically rich species. This mushroom has a first hemispherical hat and a more convex-flattened one. It is brown or oracous and has a viscous surface.
