# Are you tired of moving photovoltaic panels

## Overview

---

What happens if you move solar panels outside your service area?

Things get more complicated when you move outside of your solar company's service area. Since they don't operate in your new neighborhood, you won't be able to have them move your solar panels. In that case, you'll either have to move the solar panels yourself or hire a third party to move them for you.

Can I move solar PV panels?

Yes, it is possible to move solar PV panels; however, the costs will likely outweigh the benefits. Unless you have a very large system, you will no longer be eligible for Feed-in Tariff payments. Additionally, the solar PV system's efficiency may be compromised when moved.

What happens if you move a solar PV system?

Moving a solar PV system disqualifies you from the feed-in tariff because it gives the system the status of a second hand system, which is no longer eligible for the scheme. This rule applies to most residential solar PV systems. However, there is an exception for large and powerful PV systems, typically used by businesses.

How much does it cost to move solar panels?

Read here [Moving solar panels is technically possible but not financially advisable](#). Relocation costs include labour, scaffolding, MCS re-registration, and storage, totalling approximately £5,280. These costs can amount to a huge chunk of the initial installation cost of the solar system.

Are photovoltaic solar panels safe?

The risks associated with the use of renewables are often overlooked and this poses serious problems for insurers. However, we are keen to support our customers and to provide guidance on how photovoltaic solar panel systems can be installed and used safely.

## Can a solar company move my solar system?

If you're moving within the service area covered by your solar company, you should be able to have them move the solar system for you. Of course, this won't be free. But you'll have the peace of mind of knowing that the process is being handled by qualified professionals.
