[Dissatisfied and Concerning](#)

Dissatisfied and Concerning - Delta Pro Ultra Battery Chemistry . Just received my order of Delta Pro Ultra Bundle with 12 kWh + SHP2. We want to assure you that Delta Pro Ultra batteries are indeed manufactured through (LFP), an ingredient known for its long life due to its safety. We apologize for any confusion that may have been caused

Using a LiFePo battery to charge Delta Pro : ...

The ecoflow DC in can be wired directly to the

battery. You should ensure the battery has a BMS because the ecoflow will empty the battery completely. Discharging too much is bad for the battery and a decent BMS should protect the battery against too deep discharge. You cannot directly charge the battery from the ecoflow without additional HW.

Delta Pro (2nd DP or Extra battery) :
[r/Ecoflow_community](https://www.ecoflow.com/fr/fr/communities)

My main question is that I'm debating if I should buy the delta pro extra battery for the extra kwh or if I should get a second Delta Pro with the double voltage hub to get 240v. My stove and water heater, and furnace are all gas so I don't have a huge need for the 240v. I'm more concerned with having longer overall run time for essentials

DELTA Pro + Smart Extra Battery , EcoFlow AU
