How to Configure the LightReach TPO Integration

Send an email to both partneractivation@golightreach and lightreachactivation@aurorasolar with the subject line "Activation Request: Aurora-LightReach Integration" or similar. In the body of the email, include this text: "I consent to making my LightReach account visible to the Aurora integration and request my LightReach

Milestones in Aurora - Aurora Solar Help Center

A milestone is a significant moment in a solar project worth memorializing. Aurora now allows you to mark a design with a milestone, allowing you to 1) quickly understand the progress of a project 2) decide which design to open and edit and 3) save a permanent, secure source of truth for what the design looked like at that milestone.

[Entering energy consumption in Aurora](#)

One of the first steps before creating a design and proposal is to enter the homeowners' consumption information. There are multiple ways to enter consumption information in

Aurora, and inputting it in one place will automatically populate it in the others.
