## 350 watt solar panel - Best price for 350w solar panel online

Since solar energy is the best-known way to generate electricity, its price is falling continuously: so that more and more people can have access to the cleanest energy. The solar panel price relies on the capacity, brand and

technology variant. In India, the solar price per watt is Rs.22 - Rs.28. As you are considering buying a 350-watt solar panel, the price will range accordingly.

## Solar Panels have a high cost in India. : r/india

I recently researched solar panels replacing the conventional electric. In India It'll take about 3 to 3.5 lakhs for 5kw of setup for solar panels including UPS, batteries and circuits. 1kw of solar panels will generate 4-5 units of electricity a day. So, my calculation is a regular home in India that consumes at least 250 - 300 units in a month.

## 10 Solar Power System Suppliers in Bangalore

Loom Solar is a Bangalore-based supplier of solar power systems. The Government of India has approved it under ISO 9000:2015.
