### Avangrid acquires mobile transformer from Hitachi Energy

The 168 megavolt-ampere custom-made equipment is designed to rapidly restore power at Avangrid's renewable energy sites across the US. The transformer's multi-voltage capabilities enable deployment and installation within a few months at any of the company's onshore wind and solar facilities.

### [Renewables in your community](#)

Renewable energy is electricity made on farms, ranches and ridgelines. Avangrid Renewables makes long-term agreements to site assets such as turbines, substations and access roads on local landowners' properties. We pay landowners for those rights, but we own those assets and so pay any local taxes accordingly.

### Nike to buy power from Avangrid's windfarm in US

Avangrid Renewables owns and operates the 605MW South Texas Coast Complex along the Gulf Intracoastal Waterway and the 120MW Barton Chapel windfarm in Mid-West Texas.
