Azerbaijan mysol solar products

Overview

What is Mysol grid?

Since then, MySol Grid is developing its activities in Sub-Sahara Africa with the ambition to give access to energy to millions of people in Africa. As ENGIE Energy Access we are proudly combining mini-grids with modular solar home systems as a unique, integrated business offering.

Why should you choose Mysol?

More than 9 million people have benefited from increased health and prosperity thanks to our solar energy solutions. With MySol, we offer the widest range of PAYGo solar home systems throughout Africa and our certified and quality assured kits have been proven in the field since 2011.

What is a Mysol lighting system?

Our entry-level MySol system meets basic lighting needs, while enabling customers to access useful upgrades. It is a clean, safe and economical alternative to kerosene and is the lowest cost possible without sacrificing on quality. It powers:.

Is Mysol PAYGO a good investment for small businesses?

Our most powerful MySol PAYGo system for small businesses is a productive investment as it has enough capacity to cool drinks, charge phones and provide TV entertainment. It includes: Essential off-grid services require big capacity, high-quality systems with reliable after-sales service.

How has Mysol grid changed the future of welders?

Warren, a welder living in Tanzania, says that signing up to his local village's MySol Grid has changed the future prospects of his family. He explains: "I am very pleased with the mini-grid service because it is cheaper than diesel to run my machines, and it is reliable.
