Overview

Why do you need a balcony for laundry?

It allows you better manage your laundry washing and drying process as the balcony gets ample sunlight. It gives you the flexibility to add on more utility space and storage when the need arises. It reduces the load of laundry cleaning and related items in your bathroom or the inside laundry room.

How to create a functional laundry space on a tiny balcony?

You can create a functional laundry space even on a tiny balcony and free up space inside the house. Check out this compact area with a washing machine and ample open-box shelves to store cleaning supplies. You can use the hanging space and the shelves to hang or stack washed clothes neatly. 5. Balcony Shoe Rack.

How to maximise your balcony space?

The easiest way to maximise your space is through a balcony storage cabinet. Check out this bright yellow storage cabinet with shutters and drawers. Its vibrant colour lends freshness and a feel-good ambience to the outdoor space.

How do you store things on a balcony?

Storage benches are the most common balcony storage solution. In addition to seating, they offer space to store books, outdoor cushions, board games, and other knickknacks. Wall-mounted shelves and storage cabinets are great options for storing small plants, gardening tools, cleaning supplies, and decor items.

What is a washing machine cabinet?

A sleek washing machine cabinet designed to protect and neatly enclose your washing machine and create a useful surface on top for storage. MODEL: POLA NP Key features: - Minimalist design - Neat fit around washing machine -

Useable shelf space on top - Simple assembly.

How do you decorate a laundry room in a balcony?

This decorative laundry room in the balcony looks quite traditional and elegant, with white and grey-themed tiles enveloping the skirting, washing machine recess, a wooden base cabinet with a vessel sink, anti-skid flooring and the backsplash. The large hinged windows allow an ample amount of sunlight to enter this space.
