The draft NECP covers all five dimensions of the Energy Union, but the information provided for each dimension varies in length and in detail. Notably, Belgium has reported clear national

Bloody architects! The good, the bad and the ugly of Brussels

This article is part of the Brussels guide special report.. In Brussels, the expression "schieven architect!" -- or "twisted architect!" -- was once a common insult. That's because back in 1860, the young Belgian state bestowed upon architect Joseph Poelaert the task of designing the monstrously huge Palace of Justice to serve as its main courthouse.
