

Solar Energy South Africa

Benin sunking solar

Overview

Why should you choose Sun King solar?

From cost-effective solar lanterns and home systems that provide entry-level access to electricity to powerful, multi-kilowatt-scale solar systems that offer power equity with the traditional electrical grid, Sun King's products meet diverse power and light needs across Africa and Asia. Solar to meet every need. Find the best option for you.

Who can benefit from a new off-grid solar scheme in Benin?

Households, smallholders and entrepreneurs in remote locations across Benin will be able to access reliable and cheap electricity for the first time under a new off-grid solar scheme agreed between leading solar energy company ENGIE Energy Access and the European Investment Bank, one of the world's largest financiers of renewable energy.

How many people in Benin rely on kerosene?

More than one million households are dependent on polluting and inefficient lighting by kerosene or candles, and increasingly expensive generators. Less than one in five people living in remote and rural communities across Benin have access to reliable electricity and only 10% of households are using off-grid solar products.

Where can I buy Sun King products?

Sun King products are also available for purchase online, and can be found in major stores like Jumia in Kenya, Nigeria, and Uganda, Amazon, IndiaMART, and Flipkart. Our network of trusted partners, from telecom companies like Orange to social enterprises like One Acre Fund, stock and sell Sun King products across 60 countries.

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy

off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.

What can Engie do for Benin?

Following the new agreement between ENGIE and the European Investment Bank, households, entrepreneurs and smallholders across Benin will be able to access electricity for mobile phones, solar lighting, refrigeration, radio and television.

Introducing Pay-as-you-go solar products to Benin

We discovered this from speaking with many rural households in Benin during a previous solar project and finding that demand for such products is high. Greenlight Planet's Sun King products were especially popular, but potential customers did not have the cash available to pay for these products up front and said they would prefer paying in
