## Overview

---

### What is Energy Vault BH-ESS?

Energy Vault's BH-ESS will replace the traditional mobile diesel generators currently used to energize PG&E's Calistoga microgrid during PSPS events in the area. The project represents a major advance in community-scale microgrid development and a significant step toward realizing the CPUC's vision of cleaner forms of microgrid generation.

### Is Calistoga a good partner for Energy Vault?

The City of Calistoga and PG&E have been excellent partners for Energy Vault, and we are excited to bring this innovative project online .

### Why did Calistoga have restrictions on a tank trailer?

The restrictions were necessary to accommodate the tank trailer as it left the city, to ensure there was enough space to maneuver the trailer without obstructions. The Calistoga Police Department was expected to keep the public updated about any further changes to the schedule.
