- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem
- LFP battery safest and long cycle life
- Stackable design effectively installation
- Capable of high-Powered
- Emergency-Backup and Off-Grid Function

The Necker Island Story

Why would a project to provide an off-grid solution in the British Virgin Islands that generates a mere 500 kilowatts interest a company like NRG, the largest U.S. competitive power company with more than 53,000 megawatts of generating capacity? Why compete against more than 700 other bidders for such a small prize? clean energy solutions
