Spear Wins SBIR Contract for Advanced Battery Solution

Grandview, MO (August 2018): Spear Power Systems LLC (Spear) has been awarded a Phase I SBIR contract to address the Army's requirement for a battery system that can support multiple voltages, avoiding the need for multiple fielded batteries to address multiple voltage requirements. The objective of this battery is to address legacy platforms, as well as emerging platforms ...

Spear Power Technologies: Advanced Energy Storage Solutions

Spear is an expert in the robust, safe integration of lithium-ion cells into high-capacity, high-voltage strings. Spear's commercial off-the-shelf (COTS) solution provides modular building blocks for the mechanical integration of prismatic pouch cells into energy storage systems from 100 VDC up to 1250 VDC with systems up to 10 MWh.

Spear Power Systems to Be Acquired by Sensata ...

Spear Power Systems Inc., a leader in the development and production of advanced energy storage solutions for demanding applications in a variety of defence/aerospace and industrial applications has entered into an agreement to be acquired by Sensata Technologies (NYSE: ST), a leading industrial technology company and provider of sensor-rich

Spear Power Systems Careers and Employment , Indeed

Find out what works well at Spear Power Systems from the people who know best. Get the inside scoop on jobs, salaries, top office locations, and CEO insights. Compare pay for popular roles and read about the team's work-life balance. Uncover why ...

[Spear Power Systems](#)

Spear Power Systems' founders, CEO Jeff Kostos and CTO Dr. Joon Kim, both have decades of experience in batteries, having started Kokam America in 2005 to make lithium ion pouch cells in Kansas City. In 2014 they formed Spear to focus on battery integration, and the company has since built a legacy of high-performance custom batteries for the

[Innovation in clean marine technology](#)

GRANDVIEW, Mo., May 4, 2020 - Spear Power Systems, Inc., a leading innovator in lithium-ion battery systems, has joined the Maritime Cluster Norwegian Centres of Expertise Maritime CleanTech. The Norwegian commercial hub gains significant battery knowledge to assist in its mission of making marine transport greener through commercial collaboration.

[TRIDENT VERSA 800 VDC](#)

Key components in each system are the scalable Modules (sMOD) and calable Battery Management System (sBMS). The sMOD provides a common building block for our systems. Versa systems can be scaled from 50

VDC to 1250 VDC and are available in both air-cooled and liquid-cooled options. PERFORMANCE o 107 Wh / kg o 235 W / kg o 90 Wh / L

Sensata Technologies Completes Acquisition of Spear Power Systems

Spear Power Systems' energy storage systems are cell-agnostic and include proprietary battery management and monitoring for all lithium-ion chemistries from multiple battery suppliers offering high energy density, modular architecture, light weight, and extreme safety and reliability. "The acquisition of Spear Power Systems enables us to

COLOMBIA POWER SYSTEM FLEXIBILITY ASSESSMENT

Colombia's power system, based on historical information and the latest generation and transmission expansion plans (UPME, 2018).

Table 1: Flexibility enablers in Colombia's power system* Figure 2: Expected evolution of Colombia's generation capacity mix, 2017-2030
 Flexibility enablers High Medium Low
 Interconnection capacity vs. average

[Spear Power Systems Company Profile](#)

Spear Power Systems is a company that provides energy storage solutions. It designs, distributes, and manufactures lithium-ion battery systems and cylindrical cells. The company caters to the aerospace, defense, industrial, and marine ...

Emerald announces sale of its portfolio company Spear Power Systems ...

The acquisition of Spear Power Systems advances Sensata's electrification portfolio and strategy into new clean energy markets. "We are pleased that the talented Spear Power Systems team, including over 40 highly experienced engineers, will be joining Sensata," said Vineet Nargolwala, Executive Vice President, Sensing Solutions at Sensata Technologies.

Sensata Technologies Acquires Spear Power Systems

Spear Power Systems designs and manufactures safe, high-performance energy storage systems (ESS) for clients with some of the world's most demanding marine, industrial, and defense

applications. Spear Power Systems was founded in 2013 and is based in Grandview, Missouri.

Trident(TM) Marine Battery Systems by Spear Power Systems

Kansas City, MO, November 30, 2015: Spear Power Systems, the premier supplier of safe, reliable energy storage solutions for the most demanding applications, is pleased to announce the new Trident(TM) family of advanced lithium-ion battery storage systems for marine applications. "Trident's unique approach offering multiple lithium-ion cell chemistries with a common ...
