## Overview

---

Bouvet Island is an uninhabited volcanic island and dependency of . It is a protected nature reserve, and situated in the South at the southern end of the , it is the world's most island. Located north of the , Bouvet Island is not part of the southern region covered by the .

What makes ContourGlobal unique?

While we strive for excellence in everything we do, operating our power plants efficiently and reliably, and minimizing environmental impacts, is at the heart of it all. ContourGlobal, a KKR company, is an established Independent Power Producer with almost two decades of growth trajectory with geographical and technological diversification.

Who is ContourGlobal?

ContourGlobal is a reliable partner for communities, institutions and customers through innovative offtake solutions, including advanced power purchase agreements (PPAs) and hedging instruments, to maximize value creation.

Why should you invest in ContourGlobal?

In a rapidly evolving energy landscape characterized by surging clean technology investments, widespread adoption of renewables, and increasing demand for electricity, ContourGlobal is well-positioned to seize new opportunities and deliver sustainable value.

Is ContourGlobal refinancing a 518 MW cogeneration plant in Mexico?

ContourGlobal has announced the successful refinancing of a 518 MW portfolio of highly efficient natural gas-fired, CHP (combined heat and power) cogeneration plants located in Mexico.

**Abandoned Lifeboat on Bouvet Island: Mystery Solved!**

1964 Expedition. Because of its location, weather researchers have long thought it a great place to put a weather tower. On 2 April 1964, the Royal Navy's Antarctic ice vessel HMS Protector was sent to the island to investigate a new area of the land created by lava flow ten years prior to the expedition. Lieutenant Commander Allan Crawford and his team landed ...
