As a distributor Ecofarm Curacao works together with local installers on Curacao. After the inventory check, we will sit down with you to map out your wishes, in order to arrive at an action plan.

Solar-powered desalination system requires no extra batteries

The solar-powered system removes salt from water at a pace that closely follows changes in solar energy. As sunlight increases through the day, the system ramps up its desalting process and automatically adjusts to any sudden variation in sunlight, for example by dialing down in response to a passing cloud or revving up as the skies clear.

PlaySoleil(TM) , Solar Powered Playground Lighting
