Overview

Will European Union visit DR Congo capital Kinshasa?

European Union officials are completing a visit to the DR Congo capital Kinshasa that began in early April to discuss the follow-up to the strategic partnership on critical minerals signed in October with the Congolese presidency of Félix Tshisekedi.

What is COGEN Europe?

COGEN Europe is the European Association for the Promotion of Cogeneration We work with the EU institutions and various stakeholders to promote policies and legislation that recognise the valuable role cogeneration technologies have to play in the framework of efforts to boost energy efficiency and reduce emissions.

Is Rwanda using M23 to take control of DR Congo?

DR Congo's mineral-rich east has been racked by violence since the 1990s, with tensions worsening since a renewed offensive in late 2021 of Rwandan-backed M23 rebels in the DRC province of North Kivu. Kinshasa has accused Rwanda of using M23 to take control of resource-rich eastern DRC. [gd/mat/lrb/cw](#).

Why is the Democratic Republic of Congo negotiating with Europe?

Surging demand for materials key to enhanced electromobility has given the Democratic Republic of Congo newfound negotiating leverage as Europe struggles to secure supply. In Kolwezi, both industrial and small-scale mines abound Image: Johannes Meier/streetsfilm.

Why did DR Congo take a 'response' action?

"We took this action because we were concerned it was no longer possible for independent auditors or industry certification mechanisms to perform the due diligence required to meet our high standards." The east of DR Congo is a

major source of minerals and the global thirst for them has fuelled wars there for decades.

Could the EU help finance Congolese germanium?

The EU would help finance the exploratory phase. Other players, such as the United States, are interested in Congolese germanium (AI, 01/09/23). But Europe's ambitions in this area could be undermined by the signing on 24 February of a memorandum of understanding between the EU and Rwanda on strategic minerals, which has angered the DRC.

Position Papers & Publications

COGEN Europe seeks to influence EU policies and legislation with a special focus on energy, climate and environmental issues. We share our policy positions with policymakers, stakeholders and the wider public via our position papers and other publications. Our papers reflect the consensus view of our members spanning the entire energy supply chain.

2021

COGEN Europe supports an ambitious, comprehensive and predictable legislative framework towards achieving the European Union's goal of 'net zero' greenhouse gas emissions by 2050. We believe that the process of setting an emissions target for 2040 must take into account the role of energy efficient solutions and technologies, including
