Just got Ecoflow Delta PRO, can I use external LiFePO4 batteries ...

Just unboxed my Ecoflow delta pro. I have been accumulating LiFePO4 12 volt batteries (100ah, Chins and LION Energy), and have 3-4 of each, all bought at same time. Prior to getting the Ecoflow, I had the plan of piecemeal systems, so I have controllers, inverters etc to have decent off

Using a LiFePo battery to charge Delta Pro : ...

The ecoflow DC in can be wired directly to the

battery. You should ensure the battery has a BMS because the ecoflow will empty the battery completely. Discharging too much is bad for the battery and a decent BMS should protect the battery against too deep discharge. You cannot directly charge the battery from the ecoflow without additional HW.

Our Lifepo4 batteries can be connected in parallels and in series for larger capacity and voltage.
