INDIVIDUAL BATTERY SOLUTIONS FOR YOUR APPLICATION

Customized battery systems with a battery management system. Jauch provides complete solutions for your battery system according to your requirements. Standard cells and customized packs, from simple cells to intelligent battery packs for the most demanding applications. We take into account special design requests and all relevant safety aspects.

Jauch: quartz crystals, oscillators and battery technology

Jauch provides complete solutions for battery systems and frequency control products which are produced and configured according to the highest quality standards. Jauch Quartz GmbH is one of the "Global Market Leader Champions" in 2024. The award is based on a scientific study conducted every year at the University of St. Gallen.
