# Electric hoist to install photovoltaic panels

## Overview

---

A module hoist, also known as a PV panel hoist or material hoist, is a mechanical device designed to lift and transport PV panels to elevated areas like roofs or scaffolding. How to lift solar panels up high?

Besides our solar panel lifting bags you will find some other products that will help to get the panels up high to where they are needed. A ladder winch (sometimes called a ladder hoist) with particular fittings to hold the panels are often used on lower buildings. However they offer little protection to the panel itself.

What is a solar lift?

The Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas.

How do you lift a solar panel?

let it fall to the ground flat. Carry the panel vertically onto the bag until it rests against the side attached to the hoist. Good to Go! Besides our solar panel lifting bags you will find some other products that will help to get the panels up high to where they are needed.

What is a Geda solar panel lift?

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas. At Mace Industries, we don't just sell you the machines and wave you goodbye.

Can solar panels be lifted?

Lifting slings could also technically be used around the solar panel and lifted

by a hoist or winch – again these offer no protection from damage. When studying all the options for lifting solar panels each has its own set of benefits and your choice will depend on your circumstances.

Can solar panels be installed on roof tops?

When it comes to installing solar panels on roof tops, especially on taller buildings, then you will get immense benefits from the right solar panel lifting equipment.
