CORPORATE IDENTITY| ELIY Power Co., Ltd.

An expression of eternal beauty, the golden ratio represents the fact that ELIY Power is a future-oriented next-generation energy company focused on finding the right balance for our planet and its people. The design of all our employees' business cards and our "POWER YIILE PLUS" electricity storage system also employs the golden ratio.

[Our Track Record| ELIY Power Co., Ltd.](#)

The electricity storage systems offered by ELIY Power are renowned for their high levels of safety and reliability, and are the go-to choice for home use, as well as various industries including security, communications, hospitals, welfare ...

Utilizing Remote Monitoring Technologies| ELIY Power Co., Ltd.

ELIY Power has equipped its products with communications functions since the first model went on sale and developed remote monitoring technologies to monitor the operational status of its electricity storage systems. Using this technology and communication networks, we have taken part in demonstration testing of virtual power plants (VPPs) and

Fully Automated Plant| ELIY Power Co., Ltd.

At ELIY Power's plants, all processes have been fully automated, with batteries being produced in a clean environment. When constructing the plant, we envisaged a pharmaceutical factory. Eliminating manual intervention prevents ...

Important Points When Choosing an Electricity Storage System

The battery cells used in ELIY Power's electricity storage systems achieve world-class safety and do not produce smoke or fire even if punctured with a nail, crushed or overcharged. Moreover, the manufacturing of our battery cells is conducted at our domestic in-house plant at which all processes are automated, as part of our efforts to
