Elysia Embedded

Elysia offers a step change in performance for high-utilisation battery systems. Unlike traditional approaches to balancing, Elysia balances cells during operation and by SoE (state-of-energy), removing the need for battery downtime and resulting in best-in-class cell-to-cell imbalance.

WAE Technologies launches Elysia: Pioneering Battery ...

Elysia brings game-changing battery insight, management, and optimisation of batteries to the mass market for the first time, from the automotive, commercial vehicle and e-mobility sectors to stationary energy storage and ...

WAE Technologies launches Elysia: Pioneering Battery ...

Thursday April 20 th, 2023: WAE Technologies (WAE), the world-leading technology and engineering services business, today launches Elysia, its Battery Intelligence software offering designed to unlock significant ...

Jacob Dean

Senior Data Scientist at Elysia Battery Intelligence from WAE. · Applying a variety of computational methods to resolve real-world issues. Writing metrics to analyse and predict

properties of batteries from large fleet data. Implementing these metrics into Elysia's orchestrated cloud offering.

Prior to joining Elysia, I completed a PhD in Computational and ...

Battery modelling - Why 'physics-based' is not always best

Gaydon, UK - 20 May 2024: JLR has signed a multi-year deal to use Fortescue's advanced battery intelligence software, Elysia, in its next-generation electric vehicles. The software will help enhance JLR's luxury vehicles with improved battery longevity, safety, and performance. Starting with the new Range Rover Electric, launching later

WAE TECHNOLOGIES LAUNCHES ELYSIA: PIONEERING BATTERY INTELLIGENCE ...

Tuesday, 13 th June 2023: WAE Technologies (WAE), the world-leading technology and engineering services business, has recently launched Elysia, its Battery Intelligence software designed to unlock significant improvements in the life, safety, usable energy, power, and recharge times of any battery system. The announcement comes as the Elysia software is ...

Unlocking ESsential Value Today: Battery Intelligence for

...

Introduction WAE & Elysia Advantage WAE are uniquely positioned in a Battery Intelligence market, harnessing the best of different domain expertise. o Our know-how in Battery Intelligence stems from over a decade of practical battery systems experience as designers, manufacturers and integrators.

WAE Technologies launches Elysia: Pioneering Battery Intelligence ...

Thursday April 20 th, 2023: WAE Technologies (WAE), the world-leading technology and engineering services business, today launches Elysia, its Battery Intelligence software offering designed to unlock significant improvements in the life, safety, usable energy, power, and rapid charging times of any battery system.. Elysia brings game-changing battery ...

Elysia aims to unlock MaaS with battery intelligence

Elysia's battery intelligence technologies comes from WAE's experience in high-performance batteries from supplying the electric motorsport series, and the development of batteries for electric hyper-cars and mining trucks. Joe Jones, Commercial Lead at Elysia, said: "With increased utilisation of an electric shared vehicle, it becomes

WAE Technologies Launches Elysia: Pioneering Battery Intelligence ...

Elysia Embedded is a suite of state-of-the-art battery management algorithms, which run locally on the Battery Management System (BMS) - for example directly on an EV's battery or on a stationary energy storage system. Its best-in-class BMS algorithms help OEMs to increase vehicle range, enable faster charging, and maximise battery power

Elysia Battery Intelligence & WAE Technologies

Elysia is the world-leading battery intelligence offering from WAE Technologies (formerly Williams Advanced Engineering). Drawing on over a decade of high-performance battery expertise from WAE, who have designed and manufactured the world's most advanced batteries - from global electric motorsport programmes to electric mining trucks - Elysia provides OEMs, battery ...

WAE Technologies Introduces Elysia, the Revolutionary Battery

What's Happening: WAE Technologies has launched Elysia, a cutting-edge battery intelligence software designed to significantly enhance the life, safety, usable energy, power, and rapid charging capabilities of any battery system. Elysia will offer unprecedented battery insight, management, and optimization to various industries, including automotive, ...

 Battery Intelligence Software. Elysia Embedded.

Elysia Embedded. A Suite of Powerful BMS Algorithms. Cutting-edge, hardware-agnostic BMS algorithms that work with any low-cost computing platform. Our product is seamlessly integrated into existing software to enhance performance, safety, and battery

Elysia Cloud

The future of battery management: combining Elysia Cloud with Elysia's powerful Embedded BMS algorithms, to enable bespoke, health-adaptive BMS parameters to be pushed to individual assets, unlocking performance whilst mitigating warranty concerns for OEMs.

Motorsport and Mobility

Whether we're developing high performance battery systems for the racetrack or a whole vehicle programme for the road, we define, evaluate and optimise every solution before using real-world development to perfect the final delivery. Elysia Battery Intelligence. Elysia's innovative software leverages motorsport expertise to provide real

Elysia Battery Intelligence & WAE Technologies

Elysia ist das weltweit führende intelligente Batterie-Überwachungssystem von WAE Technologies (ehemals Williams Advanced Engineering). Elysia baut auf über einem Jahrzehnt Erfahrung mit Hochleistungsbatterien von WAE auf, einem Unternehmen, das die weltweit fortschrittlichsten Batterien entwickelt

und herstellt.

WAE TECHNOLOGIES LAUNCHES ELYSIA: PIONEERING ...

Elysia Cloud Platform helps battery system Original Equipment Manufacturers (OEMs), battery operators and financiers turn data into actionable battery insights, designed to forecast and extend battery life and enhance ...

Elysia

Elysia - Battery Intelligence from Fortescue , 5,320 followers on LinkedIn. Potential Unlocked, Advantage Delivered. , Elysia is a world-leading battery intelligence software offering from Fortescue, designed for the mass automotive, e-mobility and stationary energy storage markets. Drawing on more than a decade of high-performance battery expertise from WAE - which has ...

167 Followers, 28 Following, 83 Posts - Elysia - Battery Intelligence from Fortescue (@elysia_bi) on Instagram: "Pioneering battery intelligence; born on the racetrack, designed for the real world. Potential, unlocked. Advantage, delivered." Something went wrong. There's an issue and the page could not be loaded.

Elysia

World-leading battery intelligence software from Fortescue, designed for automotive and energy stationary storage companies. Elysia Battery

Intelligence. Elysia Cloud; Increase battery life by up to 30%. Elysia unlocks fleet value through superior financing, greater warranty assurance,

WAE Introduces Elysia Battery Intelligence Software

Technology and engineering services company WAE Technologies (WAE) launched Elysia, its mass-market Battery Intelligence software offering designed to unlock significant improvements in the life, safety, usable energy, power, and rapid charging times of any battery system. Elysia features state-of-the-art embedded and cloud-based products which

Careers

We are a team of world-leading battery experts, data scientists and engineers from all walks of life, with experience delivering in the lab and on the racetrack. We answer real-world challenges. We take a customer-orientated approach in creating products that answer the real-world challenges of today, with the foresight to deliver industry
