Induction Cap Sealing

The Global Leader in Induction Cap Sealing About Enercon Over the past 40 years, Enercon Industries has established itself as the principal provider of induction cap sealing systems across the globe. Enercon. Skip to content. Enercon Industries Ltd , +44(0)1296 330 542 ,

Induction Cap Sealing

Many of Enercon's customers began induction sealing to prevent leaks that were occurring from the use of other closure methods, such as tear band closures and glue sealing. Product Freshness Induction liners act as hermetic seals which prevent oxygen and moisture transmission

into the product, therefore ensuring the product remains fresh.
