Galp Cancels Lithium Refinery Plans in Portugal

Portuguese energy company Galp has announced that it will no longer pursue its Aurora project for the construction of a lithium conversion plant in Setúbal, Portugal. Galp had been working on the project since 2021 to tap the country's lithium reserves for the battery industry. Northvolt's withdrawal and lack of partners

Lisbon Energy Summit & Exhibition 2025 , 3-4 June

Endorsed by the Ministry of Environment and Energy, the Lisbon Energy Summit & Exhibition 2025, the Iberian region's leading energy transition event, will welcome over 2,000 visitors to Lisbon, Portugal, a world leader in new ...

Portugal targets 51% of renewables in its final energy

The Portuguese Government has submitted the updated draft of its National Energy and Climate Plan (NECP 2030) for public consultation. The NECP 2030 outlines eight objectives, 65 lines of action and 297 measures to transition towards climate neutrality by 2045. Among the key targets of the updated draft is to achieve a 51% share of renewable energy in ...

Galp and Powin to build large-

scale energy storage system in Portugal

Global energy storage platform provider Powin LLC and Galp, Portugal's leading integrated energy company, have partnered to install a utility-scale battery energy storage system (BESS) at one of Galp's solar power plants near Alcoutim, a small village in the country's sunny southern region of the Algarve, where Galp operates several projects with a combined capacity ...

Aprovação do Projeto Europeu "EU-UA SUNRISE"

Battery Cluster Portugal (Portugal), parceiro; ECN SA - Energy Clusters Network (Polónia), parceiro. O papel do Battery Cluster Portugal centra-se no apoio à transição energética sustentável através do desenvolvimento de tecnologias de armazenamento de energia. O cluster desempenha um papel crucial para identificar as necessidades de

Exide Europe - Storage-backed battery production Portugal

In two state-of-the-art solar installations, Exide Group is powering its battery production and recycling facilities using advanced lead battery energy storage. With a combined capacity of 4.5 MWp between the two installations, located in Castanheira do Ribatejo and Azambuja in Portugal, Exide has reduced carbon emissions by an average of 20%

Quero desta forma enaltecer o profissionalismo e

Galp and Powin to deploy 20MWh BESS at PV plant ...

System integrator Powin has been enlisted by oil, gas and renewable energy firm Galp to install a battery energy storage system (BESS) at a PV plant in Portugal, Powin's first in Europe. Powin will provide the ...

competência por parte da equipa da Portugal energy, no meu processo de escolha de fornecedor de energia. Julia Varandas Account Manager. Contactei a Portugal Energy e a ajuda prestada foi excelente. No cordalidade, qualidade de informação prestada, na isenção e na diversidade de aconselhamento.

Green light for Algarve battery storage plant

Galp has entered into a partnership with North American company Powin to install an energy storage system, using large-scale batteries, in one of its photovoltaic plants, in Alcoutim, in the Algarve. By TPN/Lusa, in ...

EDP deploys its largest solar farm with energy storage in the country

EDP will deploy its largest solar photovoltaic farm with energy storage in Portugal. The agreement signed today with battery maker Exide Technologies Lda. provides for the deployment of two photovoltaic solar production units, with a total capacity of 3.8 MW_p, for self-consumption in its facilities in Castanheira do Ribatejo and

Azambuja.
