## Smart Home Energy Management

Smart Home Energy Management It's Not 1972 Swipe left on your old energy system. Efficient , Aesthetic , Convenient Make the switch to smart tech. PreviousNext In addition to solar energy and battery storage, NexGen Solar is proud to offer a variety of Smart Home Energy Monitoring and Management services including Smart Thermostats, Energy Monitoring

## Nextgen Solar

Planning to conserve energy with solar but don't know where to begin? NextGen Solar is on a mission to help homeowners and business owners successfully adopt solar power and harness its perks. We are Arizona's leading solar power solutions provider, having helped hundreds of homes and businesses transition to solar power successfully.

## Battery Storage

Battery storage, like solar or smart home technology, provides a variety of incentives as a stand-alone system: quiet backup power versus loud generators during outages, the ability to intelligently charge during hours where energy prices are lower (in areas where rates fluctuate), and is a cleaner alternative to power compared

to gasoline power generators.
