EVERSOURCE ENERGY

Cricket Valley Energy Center, LLC ("Cricket Valley") is proposing to build a new 1,000 megawatt natural gas -fired power plant to be located in Dover, Dutchess County, New York. The new generating station will interconnect at a new substation to be built between

Market

Please note that EverForce Energy is proud to add the disruptive energy solution, Magnetic Transducer Generator to accelerate Climate Change. US and China joined the Paris climate change agreement. The United States and China on September 3 rd, 2016 formally joined the Paris climate change agreement, with President Barack Obama hailing the

Solar Power Booster - Ever Force Energy

EverForce Energy has designed an Electronic Circuit Unit (ECU) which acts as the main operating system within the Solar Power Booster. The ECU creates a horizontal magnetic flux that promotes and facilitates the linear flow of electrons. This prevents electrons from interfering, obstructing, or colliding with other

electrons.

Clean Energy

Distributed generation (DG) is the production of electricity from small-scale energy conversion sources, including customer solar panels, and is an integral step in supporting the energy transition. By the end of 2023, more than 164,000 customers installed renewable generation sources of their own that connected to our grid, equating to more

Magnetic Transducer Generator - Ever Force Energy

EverForce Magnetic Transducer Generator (MTG) is a stand-alone electrical generator based on the proprietary magnetic inducer technology. It is a turn-key and scalable up to hundreds of megawatts that can be operated as a stand ...

Investors

Important information for those who held shares in the companies that formed Eversource including Torrington Water, New England Service Company, NSTAR, PSNH & Yankee Energy. Corporate Governance Meet our board members, and view our code of ethics, standards of business conduct, financial disclosure and other governance documents.

[Ricardo Jordan](#)

Ricardo Jordan is a Supervisor - Energy Efficiency at Eversource based in Springfield, Massachusetts. Previously, Ricardo was a Deputy Program Manager at Willdan and also held

positions at Global Energy Efficiency Holdings Geeh, TRC Companies, TRC Companies. Ricardo received a Master of Science degree from Tufts University.

Eversource Energy Foundation

Giving Focus Areas . The Eversource Energy Foundation supports nonprofit organizations in five major categories: Community Wellness and Basic Human Needs: Programs that provide families with essential tools and resources to meet their basic health and human services needs. This includes food and nutritional needs, social services and medical needs.

Magnetic Transducer Generator - Ever Force Energy

EverForce Energy focus is the deployment and distribution of the MTG technology, a technology that will redefine the electrical energy generation sector. The Magnetic Transducer Generators provides access to an inexpensive, continuously available, and non-polluting method for generating electrical energy in a format that is applicable both

Ever Force Energy - Magnetic Transducer Generator

EverForce Magnetic Transducer Generator. MTG is an electrical generation system based on the proprietary magnetic inducer technology. It is equipped with a small battery only to initiate a

rotation of the generator and supporting electronic system operation, no external input power required, thus power generation is realized at extremely low running cost.

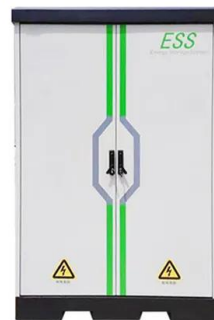

Solar Power Booster

EverForce Energy has designed an Electronic Circuit Unit (ECU) which acts as the main operating system within the Solar Power Booster. The ECU creates a horizontal magnetic flux that promotes and facilitates the linear flow of electrons. This prevents electrons from interfering, obstructing, or colliding with other electrons.

Our Clean and Renewable Energy Mix

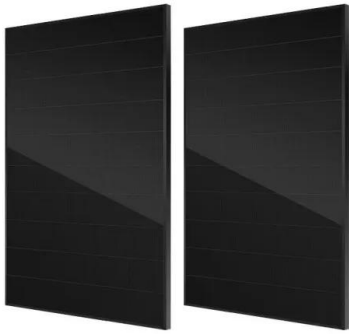

We're working hard to bring clean, reliable energy to millions. Committed To Sustainability . Sustainability is embedded in how we conduct our business today and for future generations, with environmental, social and governance (ESG) initiatives integrated into the policies and principles that govern our company. Our Sustainability Commitment

Eversource Energy (ES) Stock Price, News, Quote & History

Eversource Energy is a diversified holding company with subsidiaries that provide rate-regulated electric, gas, and water distribution service to more than 4 million customers in the

Northeast U.S

Eversource Energy Rates & Plans , Choose Energy®

The price to compare (PTC) is the benchmark price or rate that a utility provides customers with to compare different electricity plans. Eversource Energy's current price to compare is 17.2 cents per kilowatt-hour (kWh) for residential customers. This price is valid through July 31, 2024.

[about - Ever Force Energy](#)

EverForce Energy is a Canadian-based company that has been an industry leader by providing efficient, cost-effective, and viable clean energy solutions in order to create a model for sustainable power generation for years to come..
