The Sea Lion Oil Field Project, Falkland Islands

Sea Lion is an oil field in the Falkland Islands, off the Argentinean coast. The field is part of the exploration licence PL032 in the North Falkland Basin. The reserve estimates were made by RPS Energy, which has been commissioned by Rockhopper Exploration for the Competent Person's Report. The best estimate provided for the field by RPS

Sea lion ready to roar as 'next big thing' once Falkland Islands ...

Israel's Navitas Petroleum has confirmed that its giant Sea Lion oil project is ready for a final investment decision (FID), which is still anticipated during 2024 for Phase 1, thus, the firm is working to put a financial package in place for the development while it awaits the Falkland Islands' green light for the project's environmental impact statement (EIS).

Falkland Islands: Oil is back on the menu as energy majors return ...

Oil is back on the menu as energy majors return to exploration in Oil & Companies News 10/08/2022 It is fitting that Italian oil company Eni would go hunting for massive oilfields, known as "elephants" in industry jargon, in Côte d'Ivoire, until now a distinctly second-tier West African oil producer. Success at the deep-water Baleine field in September 2021,

[Falkland Islands: Another Oil Discovery](#)

Falkland Islands: Another Oil Discovery. On 28 May, Premier Oil announced another oil discovery at Isobel Deep, about 30km south of the Sea Lion field. The oil was discovered at a depth of 2,500 metres at a higher than expected pressure and of similar quality to the oil already found at Sea Lion. This will require further appraisal but, along

Tweaks in Falklands development plan come to light

Israel's Navitas Petroleum has revamped its development plan for the Sea Lion project located off the Falkland Islands. This is said to be Navitas' largest operated development asset and a final investment decision ...

Our Future and that of The Falkland Islands' Energy Security

The Falkland Islands' Energy Strategy sets out the Falkland Islands' energy priorities to ensure the Falkland Islands are more energy-independent, secure, and resilient. The world is moving rapidly towards renewable energy, meaning that it is important for the Falklands to chart our own course in the transition.
