## Whole-home battery backup: Pros, cons, and the best batteries

Comparatively, partial-home battery backup systems usually store around 10 to 15 kWh. Given that power outages are infrequent in most parts of the country, a partial-home battery backup system is generally all you'll need. But, if your utility isn't always reliable for power, whole-home battery backup may be the way to go.

## Central Montana Dispatch to get new battery backup, discussions

7 ????· The Lewistown City Commission awarded a bid for a new generator and battery backup system for city hall and Central Montana Dispatch during their regular meeting Monday evening. The commission also heard an update on discussions between the Montana Department of Environmental Quality and the city office regarding the municipal wastewater

## Fios Voice Backup Battery for TV Internet

The Verizon backup power option available for your Fios service depends upon the Verizon equipment installed in your home. If your ONT (Optical Network Terminal - usually found in your basement or garage) is installed with a power adapter that looks like the image below, then you've come to the right place to order a Fios Voice Backup Battery as your backup power option.
