Finland solar panel and battery setup

Overview

List of Finnish solar panel installers - showing companies in Finland that undertake solar panel installation, including rooftop and standalone solar systems.

List of Finnish solar panel installers - showing companies in Finland that undertake solar panel installation, including rooftop and standalone solar systems.

Top 10 Solar Panel Companies in Finland. This article explores the top 10 solar panel companies in Finland, highlighting their strengths and contributions to the country's journey towards a brighter, more sustainable future. 1. Helios Energy Finland.

The share of solar power in Finnish electricity production is approaching one percent and won't stop there: plans are in place to build several solar farms in Finland, each with hundreds of megawatts of production capacity.

We deliver and install solar panels in most regions of Finland. At present, the excluded regions are Lapland and Åland. We make it easy for you to take advantage of solar panels, and we ensure that your solar panels start producing electricity as expected. We also monitor the production of the solar panels throughout their lifespan.

The companies in Solar Finland group are spread throughout the solar PV sectors each covering their own market areas. Whether it is manufacturing solar panels locally, designing and building production lines, or sales, design, and construction of comprehensive turnkey solar solutions, they all belong to the expertise area of Solar Finland.
