

Solar Energy South Africa

Free rental container energy storage solution

Overview

At no upfront cost and for a competitive rental fee, we guarantee that our battery storage systems deliver 24/7 reliability and 100% peace of mind: O&M services, remote monitoring and performance guarantees are all included. If the value you gain from our battery fails to meet your expectations, give us a call and we'll.

Our battery storage is a ready-to-install energy system - with everything included in a standard container. That includes batteries, inverter, HVAC.

Single units can be easily combined to deliver the power and energy capacity required for your business. Our batteries come in 1 MW building blocks with either 30 or 60 minute durations.

Our contracts start with rental periods as short as six months and are based on a regular monthly or annual fee. Terms can be easily adapted to fit.
