Who is Energy Absorption Systems. Energy Absorption Systems is a company that operates in the Environmental Services industry. It employs 6-10 people and has \$1M-\$5M of revenue. The company is headquartered in Marietta, Georgia. Read more

Dynamic behaviour of multi-stage crash energy absorption systems

The present proposed system is compared with the other existing energy absorption systems such as hydraulic dampers, Pneumatic absorbers, etc. in Table 1. A detailed comparison with performance attributes of existing crash energy absorption system along with proposed systems has been tabulated in Table 2.
