### Closing of 25MW battery project and 10MW expansion

GRID acquires 25MW Tynemouth project and completes 10MW Glassenbury B extension  
Gresham House Energy Storage Fund plc (LSE: GRID), the UK's largest operational utility-scale battery storage fund, has completed the acquisition of a 25MW battery project located in North Shields, Tyne and Wear ("Tynemouth" or the "Project").

### Gore Street clinches 160MW Ireland battery storage portfolio

The Glassenbury battery storage plant, which was developed by Gore Street partner Low Carbon. Image: Low Carbon. Gore Street Energy Storage Fund, one of the country's maiden listed energy storage investors, has entered into agreements to acquire a 160MW portfolio of battery storage projects in Northern Ireland and the Irish Republic.

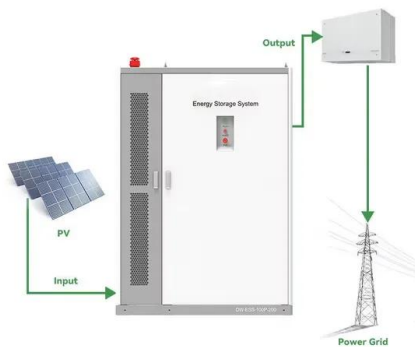

### Gresham House plots £150m raise to fund 747MW battery storage ...

Gresham House Energy Storage Fund is to issue new ordinary shares with an intention of raising approximately £150 million. It outlined how it anticipates that the net proceeds of this initial placing and drawings under its debt facilities will fund the majority of a 747MW existing battery storage pipeline the company is acquiring.

## Gresham House unveils 45-MW battery storage ...

Including the new assets, Gresham House owns 15 battery storage projects in 12 counties. Last month, it bought a 25-MW battery-only project in North East England from Enel Global Thermal Generation SRL and ...
