GE Vernova provides solutions that offer grid operators the ability to provide reactive power support, enhance controllability, improve

stability and increase power transfer capability of AC transmission systems. HANOI, VIETNAM--July 10, 2012--General Electric (NYSE: GE) signed today an equipment supply contract worth USD16.5 million with

Supporting Vietnam's sustainable energy future with the right gas

Bringing reduced CapEx and OpEx to Vietnam. Here's why I think our HA fleet of gas turbines are the right solution for meeting Vietnam's growing energy needs: First, they are cost-effective and feature state-of-the art efficiency, a powerful combination that can substantially lower capital expenditure (CapEx) and operating expenditure (OpEx).
