Guernsey storemasta battery cabinet

Overview

What are storemasta battery storage cabinets?

Storemasta Battery Storage Cabinets provide a fast and cost-effective solution to mitigate the risks associated with lithium-ion batteries. These Australian made Battery Storage Cabinets are specifically designed to store Li-ion batteries in a cool, dry, and secure environment, significantly reducing the potential for battery fires.

Does storemasta store lithium batteries?

Storemasta's lithium-ion battery charging and storage cabinets provide a cool, dry and secure space for batteries to be housed and recharged. Is it OK to store lithium batteries fully charged?

Lithium-ion battery charging cabinets are designed for both the charging and the storage of li-ion cells.

Are storemasta lithium-ion battery cabinets electrically certified?

Each of our STOREMASTA lithium-ion battery cabinets is electrically certified, with IP54 rated fittings and a 10AMP power inlet. Featuring 8 outlets, 2 adjustable pole power points and 2 adjustable, perforated shelves, this cabinet provides a convenient and flexible way to charge and store your Li-ion batteries.

How many lithium ion batteries can a storemasta Battery Cabinet charge?

A Storemasta lithium-ion battery cabinet can simultaneously charge multiple workplace batteries in a safe and protected environment. Storemasta offers an 8 and 18 outlet model of battery cabinet, which allows the user to charge up to 8 or 18 li-ion batteries – depending on the chosen model.

What is a lithium-ion battery charging and storage cabinet?

These innovative cabinets create a safer environment in which workplaces can

charge and store their li-ion cells. Storemasta's lithium-ion battery charging and storage cabinets provide a cool, dry and secure space for batteries to be housed and recharged.

Do storemasta battery cabinets have a fire suppression system?

For added peace of mind, Storemasta Battery Cabinets can be equipped with optional fire suppression systems to further safeguard your batteries and facility. Available in a range of sizes from 15L to 250L, we offer a Battery Storage Cabinet to suit your operational needs.
