Monocrystalline solar panels

Hollandia Power Monocrystalline solar modules have been around a long time, proving their durability and longevity. The Hollandia Power Monocrystalline solar panels are made of A-grade silicon cells, giving all panels the highest positive efficiency. Because of the high power output, the modules take up less space than other solar panels.

ESS

KFS Ltd, Exclusive Dealer of Hollandia Power Solutions in

Hollandia Power Slim batteries are conveniently designed to fit in battery racks as well as (outdoor) battery cabinets. Because the terminals are in the front, they are easy to charge or connect using less cabling.
