Honduras kioto solar

Overview

Who is Kioto solar?

Kioto Solar is a photovoltaic modules manufacturer with solutions suitable for every type of photovoltaic system, from small residential to large plants. Panels are conformed to all the strictest regulations and are chosen to the highest standards. Photovoltaic modules are offered in kits, in conjunction with storage and inverter.

How much solar energy does Honduras produce?

In 2016, the state power energy company ENEE cited that 10.2% of the nation's electrical system was generated from solar sources, specifically through PV power plants. This is a major breakthrough since Honduras becomes the first non-island nation to exceed the 10% mark in terms of solar energy production.

Does Honduras have a photovoltaic boom?

Honduras also leads other Central American nations in terms of the amount of installed PV capacity and is only second to Chile in all of Latin America. This energy revolution is spurring more development in Honduras and there are many investors hoping to take advantage of the photovoltaic boom in the country.

Is Honduras a good country for solar energy?

This is a major breakthrough since Honduras becomes the first non-island nation to exceed the 10% mark in terms of solar energy production. Honduras also leads other Central American nations in terms of the amount of installed PV capacity and is only second to Chile in all of Latin America.

What is the logistics and goods handling capability of Honduras?

The logistics and goods handling capability of Honduras is quite impressive. It has plenty of domestic and international seaports that facilitate transport of

essential goods and solar equipment for those who are interested. These top seaports are as follows: Port of Puerto Coxen Hole.

Who is Jinko Solar?

Jinko Solar. Jinko Solar is a solar panel manufacturer headquartered in Shanghai. Founded in 2006, the company started out as a wafer manufacturer and went public on the New York Stock Exchange in 2010. Shunfeng International Clean Energy.
