

Solar Energy South Africa

Hyperion energy Togo

Overview

Who is Hyperion Power Services?

Serving the needs of the worldwide power generation, transmission, and distribution industry. Hyperion Power Services is a US-headquartered subsidiary of the Hyperion Group that provides consulting and advisory services, solutions and engineering services to the global power generation industry.

Where is Hyperion based?

Leveraging a strong origination DNA, Hyperion has diversified into new geographies within the CEE, with a growing presence in Romania among other markets.

Is Hyperion a reference IPP?

Since 2021, Hyperion has committed to become a reference IPP with currently over 170 MW under construction in Portugal. With an unparalleled greenfield track-record in different solar technologies in Iberia, Hyperion is currently developing new technologies such as hybridization with wind, storage, and green hydrogen.
