

Solar Energy South Africa

Is installing photovoltaic panels on the terrace considered illegal construction

Overview

Do you need planning permission to install solar panels on your roof?

An increasing number of people are investing in solar energy. More and more homes are having solar panels, or solar tiles, installed on their roofs. Of course, with such installations, the topic of planning permission and building regulations often comes to the surface.

Are solar panels legal?

However, it's crucial to understand that while installing solar panels is legal, certain conditions must be met. For most domestic properties, solar panel installations are considered a "permitted development" and do not require planning permission, provided they respect certain size criteria.

Can I install solar panels if I don't meet building regulations?

Your local authority can also apply for a Confiscation Order to take away any money you've earned with your system – so there's absolutely no benefit to installing solar panels that don't meet building regulations. It's crucial that your solar installation follows all building regulations.

Can solar panels be built without permission?

This is because they generally fall under permitted development rights, which allow homeowners to make reasonably sized changes without getting permission. The exceptions to this rule are typically flats, listed buildings, homes in conservation areas, and ground-mounted installations. What are the building regulations for solar panels?

.

Can a tenant install a solar panel?

If you're a tenant, you'll need to request permission for the solar panel installation from your landlord and make a convincing case regarding the

domestic solar array's environmental, financial and reputational benefits.

Can solar panels be installed in apartment buildings?

It is possible to install solar panels in apartment buildings and commercial buildings. However, the process may vary depending on the specific regulations and permissions required by the property owner or management.
