[Wind power in Italy: where do we stand?](#)

Italy is one of the leading countries in Europe and in the world for the production of renewable energy. According to data from Eni's World Energy Review 2021, Italy was ranked sixth in the world for installed wind power capacity in 2020 while, at national level, wind power is the most widely-used renewable source after hydropower, biomass and solar energy.

Eaton 9A UPS , Advantage Series , Online

The Eaton 9A UPS is a single-phase online UPS, with power ratings from 1 - 3 kVA. This UPS is available in a tower or rack form factor. The optional network card (NMC G1) will provide a rapid Ethernet connection and enables secure UPS monitoring via Winpower software. Increase battery run time for your application by adding extended battery modules (EBMs) to your UPS.
