 (for comparison).

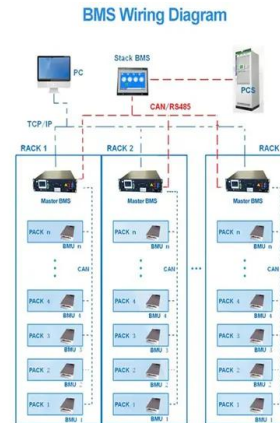

### Five people killed in Jamaica in island's latest mass shooting , AP ...

Jamaica has seen a recent increase in mass shootings, including one where five men were killed at a soccer game in late October in a neighborhood that once struggled with gang violence. While Jamaica has one of the world's highest homicide rates among countries with reliable statistics, 53.3 per 100,000 people, killings are down so far this

## Jamaica Inks MOU with AECL and Canadian Nuclear Lab

Holness pointed out that, with Jamaica depending on fossil fuels to supply 85% cent of its energy needs, it leaves the country vulnerable to external shocks and global oil and natural gas price fluctuations. "Of course, there are those who are going to say, why not wait until this technology is mature," Holness told World Nuclear News.
