

Overview

Who is cuberg?

technology Cuberg was founded in 2015 in order to commercialize its next-generation lithium metal cell technology and was acquired by Northvolt in 2021 to bring this innovation to scale. We combine the agility and ambition of a start up with the stability and scale of a multinational enterprise.

What is a cuberg battery?

SOLUTIONS Cuberg builds powerful, lightweight and safe batteries for high-performance electric mobility. Built to Scale Cuberg technology uses a lithium metal anode and proprietary liquid electrolyte to simultaneously solve the interlocking challenges of battery performance and manufacturability. Company launched.

Is Northvolt integrating cuberg lithium-metal technology into Northvolt Labs in Sweden?

As of August 2024, Northvolt has taken the decision to integrate Cuberg lithium-metal technology into Northvolt Labs in Sweden. For more information, please refer to the press release linked below. SOLUTIONS Cuberg builds powerful, lightweight and safe batteries for high-performance electric mobility.

Does cuberg have a lithium ion solution?

Company launched. Headcount increases 8X since being acquired by Northvolt in 2021. Cuberg aviation solutions can double electric flight range compared to a typical lithium-ion solution.

Does cuberg have a lithium-ion flight range?

Cuberg aviation solutions can double electric flight range compared to a typical lithium-ion solution. technology Cuberg was founded in 2015 in order to commercialize its next-generation lithium metal cell technology and was

acquired by Northvolt in 2021 to bring this innovation to scale.

Does cuberg's lithium battery technology improve cycle life?

In July of 2022, Cuberg's lithium metal battery technology demonstrated an exceptional increase in cycle life performance with a combination of high specific energy & specific power in an independent testing and verification process conducted by Mobile Power Solutions -
