Whether you're looking to power your home or business, our solar panels are a great choice. Plus, with our competitive prices and fast shipping, you can get your solar panels up and running in no time.

Solar panel stand-alone systems 0.5kw - 20kw (Off-grid) Stand-alone systems are used where there is no electricity connection. The energy from the solar panels is used immediately or stored in batteries.

List of Latvian solar sellers. Directory of companies in Latvia that are distributors and wholesalers of solar components, including which brands they carry.

solar panel systems Use the accumulated solar energy, even when the sun is not shining! Our goal is to use generated energy for your own needs without paying for network services for receiving and transmitting energy.

Modern solar panels are cheaper, better, and more productive than first-generation ones. For example, the warranty period of the European RECOM Black Full Puma Shingled 405 W panels, which are included in our SIA Tesla kits, is 25 years.
