Gurin Energy , Development profile, portfolio

Singapore-based Gurin Energy Pte Ltd has revealed plans to construct and manage a 500MW/2GWh battery in Japan, marking its debut in the Asian country's energy storage sector. This battery energy storage system (BESS) will be Japan's largest, offering four hours of discharge capacity. The estimated investment for the project is approximately JPY

[Lebanon: Energy Country Profile](#)

Lebanon: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.
