Who is solarcom energy Lebanon?

At Solarcom Energy, we are committed to providing Lebanon with the best professional premium solar systems solutions on the market. At Solarcom Energy Lebanon, we are committed to providing Lebanon with the best solar panels on the market. We import our panels to offer our customers high-quality, eco-friendly energy solutions at affordable prices.

What are the best solar panels in Lebanon?

We offer the best solar panels in Lebanon and provide clean energy that can withstand any weather conditions. A solar inverter is a crucial component of any solar power system. At Solarcom Energy, we offer TBB and Luxpower inverters, two of the top 10 solar inverters in Lebanon.

How do solar energy systems work in Lebanon?

In Lebanon, solar energy systems are meant to function off-the-grid. The system is supported by batteries that store the extra power generated by the panels and keep appliances on and functional during outages.

How much do solar panels cost in Lebanon?

The average cost of solar panels in Lebanon is about \$13,400 for a 5-kW system and \$26,800 for a 10-kW system before the ITC, but the real cost will depend on stuff such as the kind of solar panels you want, what size system you need and how much energy you use.

What are the best solar inverters in Lebanon?

At Solarcom Energy, we offer TBB and Luxpower inverters, two of the top 10 solar inverters in Lebanon. These inverters transform the energy output from your solar panels into usable electricity for your home or business. We provide solar inverters in Lebanon that are reliable, durable, and designed to last.

Do you need a solar battery in Lebanon?

Adding a solar battery to your solar system is essential for energy storage. At Solarcom Energy, we offer two types of batteries, TBB and nRuit, including heavy-duty Lifepo4 and lithium sodium batteries in Lebanon. Our batteries allow you to store excess energy generated during the day so you can use it at night or during power outages.
