Promoting the uptake of solar irrigation through innovative

...

SunCulture enabled farmers to benefit from the carbon markets by reducing prices, thus taking on the risk of carbon credit realisation in favor of offering reduced prices to its customers. For SunCulture's entry-level product i.e., ClimateSmart Direct + RainMaker2, this represented a 25% reduction in price compared to true price.

Impact Survey: SunCulture Improved Life Of 150 Customers

SunCulture is committed to develop innovative products that meet diverse needs at affordable prices. And, allow our customers to harvest solar energy without compromising quality or efficiency.
