Netherlands: Battery storage developer Lion Storage interview

Image: Lion Storage. The Netherlands needs 10GW of battery storage by 2030 and, while the market is being held back by onerous grid fees, developers like Lion Storage are working on deploying multi-hundred megawatt systems. Movement in the country's battery energy storage system (BESS) market has picked up over the past 12 months.

[Platinum Group Metals Ltd.](#)

Lion is also currently reviewing several additional and complementary opportunities focused on developing next-generation battery technology using platinum and palladium. Thanks to considerably higher energy density, Lithium Oxygen and Lithium Sulfur batteries can perform better, by orders of magnitude, than the best-in-class Lithium-ion

Lion Electric inaugurates Mirabel battery manufacturing facility

The Lion Electric Company has inaugurated its new manufacturing factory that will produce lithium-ion batteries for medium and heavy-duty vehicles in Mirabel, Quebec. The 175,000 square feet facility located at the YMX International Aerocity of Mirabel, Quebec will power electric vehicles assembled by Lion at its Saint-Jérôme, Quebec and Joliet, Illinois ...
