Longi photovoltaic panel I type

Overview

What is a Longi 440w solar panel?

Silver 35mm frame, white backsheet and MC4 connectors w/ 1400mm cable. LONGi 440W solar panels are among the most powerful PV modules on the market. The LONGi HPH Series combines High Efficiency, Low LID Mono PERC cells with Half-cut Multi Busbar Technology to improve performance and boost production.

What types of solar panels does Longi offer?

LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects. The Hi-MO 4 series uses gallium-doped silicon cells which improves the solar panels resistance to LID.

What is Longi high-efficiency solar module?

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has become a leading manufacturer and brand in the export and installation of monocrystalline silicon solar photovoltaic module.

Who makes LONGi Solar panels?

LONGi, founded in 2000, is a solar panel manufacturer based in San Ramon. On this page, you can find a complete list of solar panels from LONGi and compare models side-by-side. Quick facts about LONGi solar panels in the EnergySage Buyer's Guide: Are LONGi solar panels best for you?

How to choose the right solar panels for your needs.

Why should you choose LONGi Solar panels?

High efficiency modules supplied by LONGi have been applied widely across

the globe from grassland on high lands, deserts, water ponds to households. The solar modules benefit customers and local economies with high value advantages of greater efficiency, lower light degradation and higher reliabilities.

What makes Longi Hi-mo 5 solar panels different?

The first and most important feature of the LONGi Hi-MO 5 solar panel series is the technology used to manufacture solar cells. Each solar cell in this series features high-quality P-type monocrystalline silicon wafers doped with gallium, this technology has proven to be cost-efficient, stable, and better for the efficiency of the module.

Longi photovoltaic panel I type

High-efficiency Module, Longi solar module

High efficiency modules supplied by LONGi have been applied widely across the globe from grassland on high lands, deserts, water ponds to households. The solar modules benefit customers and local economies with high value ...

LONGi launches N-type TOPCon bifacial modules Hi ...

The 15 th International Photovoltaic Electricity Generation and Smart Energy Conference & Exhibition (SNEC 2021) opened on June 3 rd in Shanghai, China. In this premier industry exhibition, LONGi unveiled its Hi-MO ...

PUSUNG-R (Fit for 19 inch cabinet)
