Overview

Will Marape privatize Papua New Guinea's energy and economic sectors?

At the 2024 Investment Conference in Sydney, Australia, Prime Minister James Marape unveiled a transformative decision set to impact Papua New Guinea's energy and economic sectors. Speaking before an audience of investors and industry leaders, Marape announced plans to partially privatize PNG Power, the country's national power authority.

Is Papua New Guinea's state-owned electricity provider open to investment?

The director of Papua New Guinea's state-owned electricity provider, PNG Power Limited, has travelled to China and is open to investment. Credit: 7NEWS PNG has one of the highest rates of power outages in the world but the world's highest power prices, paying twice as much as Australians.

Could Papua New Guinea sell its power grid to China?

Management from Papua New Guinea's state-owned electricity provider PNG Power Limited have travelled to China and are open to investment. WATCH THE VIDEO ABOVE: Fears grow as Aussie neighbour could sell its power grid to China. Know the news with the 7NEWS app: Download today.

Will Papua New Guinea get a private partner?

"The state [will maintain] substantial interest, but a private partner [will] come in with management rights," he explained. The primary goal of the initiative, as Marape outlined, is to attract an investor committed to delivering "cheaper, reliable, and cleaner power" for the people of Papua New Guinea.

Should China buy a power plant in the Pacific?

Buying the energy asset would give it control over all generation, transmission, distribution and retail power assets in the country. "It presents as a significant prize for China to expand its influence across the Pacific," the Lowy Institute's Pacific Islands program director Mihai Sora told 7NEWS.
